Partridge India, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I was born on 15th August 1966 in a humble family in a small town of Dehradun India. Having parents from diverse religious background lent a cosmopolitan culture within the family. Parents were employed in essential services with variable working hours which required adjustment from all family members. Conscious adjustments created space to muse and observe. Life became a process in the initial years itself. The journey within, lent tenacity of mind, yet the sensitivity of a child seeking outlet from the complexities of social fabric, ran parallel. Wondered how people discover reasons to squabble over trivial things while we hardly have time to share amongst loves ones. Personal views hardly mattered. As the society outpaced me, I tried to outgrow it alongwith its rudimentary beliefs. Maneuvering through childhood, I discovered some profound friends who are there since. Pride of my life, they shape my belief in humanity, over above caste, creed or religions. The innate desire to share pains, concerns, take up social causes opened an avenue for taking hands-on healing, driving me to leave the bank. Sharing helped to relate, observe, feel, write and express what is more of human, and lesser of beliefs, in search of finding a God beyond religions. To view with compassion the future of parents, aged, children and fellow brethren.
