Stairway Press, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Illiteracy regarding Christianity's impact upon the world is hardly limited to non-Christians. It is endemic throughout our culture. This mass ignorance is made that much more painful by the fact that, for the better part of the last two millennia, the collective consciousness of what is today known as Western civilization or the West, i.e. European civilization, has been informed by the religion of Christianity. Thus, for no small measure of this time the West was known by its own inhabitants and others simply as Christendom. Indeed, there is scarcely any aspect of our world, however unremarkable and mundane, that doesn't bear the impress of its Christian pedigree. This book targets an intellectually curious lay audience. Its aim is to increase the reader's understanding of Christianity by focusing on a select range of topics. It is my hope that familiarity with a Christian's response to these issues will supply the reader with knowledge of Christian theism considered as a philosophy as well as an awareness of the ways in which Christianity has impacted, continues to...
