THE BEACON SECOND READER (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In the Beacon Second Reader the author has chosen for his stories only those of recognized literary merit; and while it has been necessary to rearrange and sometimes rewrite them for the purpose of simplification, yet he has endeavored to retain the spirit which has served to endear these ancient tales to the children of all ages. The fairy story appeals particularly to children who are in the second school year. It has been proved by our ablest psychologists that at about this period of development, children are especially susceptible to the stimulus of the old folklore. They are in fact passing through the stage which corresponds to the dawn of the human race, when demons, dragons, fairies, and hobgoblins were as firmly believed in as rivers and mountains. Here is the love story of a beautiful Irish girl who rode horses like an Arizona cowboy, whose hair was red as flame, and whose lover was an English gentleman. But then, there was the Spaniard, too! Hot-headed, he was, passionate and lawless as a Tartar. Needless to say the story takes some startling turns. The end is surprising. And the satisfying conclusion it all comes to is this, that the eternal feminine still responds to courage in the male.
