*A new eBook with a brand new point of view. It really is written in basic words and not confusing. I discovered this publication from my i and dad recommended this book to find out.

SOUTHERN DESIRE

Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. I always thought love was black and white. You meet the girl and within the first meeting you d know if she s the one. You live happily ever after. My concept was a little off, but it worked for me. I don t waste my time with women I don t see a future with. The day I met Whitney, I didn t get hit with the love bug, nothing spectacular happened, at least not how I expected it to. The last year has been a constant struggle to live with the loss, the pain. Needing a change, I picked up and moved to Kentucky to live with the only family I have left. I didn t expect to feel at home like I did. I didn t expect him. The day I met Aaron, I was sure he would run for the hills the next time he saw me. That s not at all what happened. She s everything. Everything I thought I wanted, and everything I never thought I would. With his sweet gestures and words that melt my soul, he worked his way into my heart. Now that I ve found her, it s time to build our future. How can I stay with this cloud that follows me? Will Aaron and Whitney find their happily ever after?.
