Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Differential and Integral Calculus for Beginners: Adapted to the Use of Physics and Mechanics Letters received from time to time from a, great variety of students showed that these articles met a real Want, and it was ultimately decided to amplify and extend them, and publish them in book form. The present volume is the result of that decision. In the following pages no attempt has been made to develop the subject as a branch of abstract mathematics the aim has been to provide the physical student with a valuable engine of research, and to accustom him to its use. Many discussions found in larger treatises Will, therefore, be unmentioned in the present work, as possessing no interest from a. Physical point of view. Lack of space must serve as an excuse for the omission of a few elementary investigations which possess a. Real value to the physical student.
