Javin Press LLC. Paperback. Condition: New. 142 pages. Dimensions: 8.5in. x 5.5in. x 0.3in. The purpose of this book is to prepare you for divorce, whether you think you will be leaving your spouse soon, or at some time in the future. There are so many women out there trapped in an unhappy marriage with a controlling and manipulating husband. They have little or no access to the money, and they are subjected to any number of forms of abuse. While this book is intended for a primarily female audience, men in unhappy marriages will also find it useful. I was stuck in a miserable marriage for over a decade. I didnt know what to do, how to get out. I wasnt equipped to save myself and take control of my care and future. I am living proof that I successfully divorced my husband. I am independent, self-sufficient and very happy. I survived a lengthy and stressful divorce process. You can, too. Deciding to leave your marriage is a big decision. It is lonely. It is a decision clouded with shame and regret. You will need a great deal of help and you should not be shy about asking for it. I asked for help and to this day I am extremely grateful. My family and friends helped me with advice and support. They recommended and referred professionals. They took care of my children. They came and moved my belongings. And they lent me money. Asking for help shows good self-care. Care about yourself youre worth it! You can always pay it back, or pay it forward. If people were not willing to help you, they wouldnt offer. There is no need to have any regrets. You are loved. Accept the help. This book is my way of offering to help....
