Speedy Publishing LLC. Paperback. Condition: New. 140 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. James Gibson shows you how to save money and raise organic crops you will share proudly with friends and relatives! Organic gardening neednt be difficult. In fact, it can be downright fascinating and rewarding, especially if you start out on the right foot. Gardener and landscaper, James Gibson, has accumulated a lot of organic gardening wisdom over the years, and he helpfully breaks it all down for you--translating complex ideas into simple, easy to follow advice that will transform you into a veteran organic gardener before you know it! You wont need a college degree in science or agriculture to understand Gibsons organic gardening theory or his explanation of the benefits of organic gardening. Once he is finished discussing theory, he shifts straight the planning and process--choosing the right location, size, and layout of your garden. Once your gardening plan is completed, Gibson tells you how to test your soils PH levels and its percentage of organic matter. The planting stage is crucial, so Gibson provides a lot of detailed advice including: seeding density, planting scheduling, marking, and watering tips. For those who prefer alternatives to a regular garden--theres an entire chapter on container gardening for people who lack the yard space for maintaining a traditional garden. Did you know that you can even grow a garden without soil To help you, Gibson provides a bountiful trove of advice on how to grow a hydroponic garden. Gibson also includes information that is necessary to a gardens survival, including: o natural weed control methods that rid your garden of pesky weeds without using toxic chemicals. o natural pest control sprays and solutions that discourage insects from ravaging your garden o organic fertilizer recipes o tips on how to...
