Mill City Press, Inc., 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The UFO phenomenon, in its totality, is surprisingly complex. Understandably, the general public does not recognize it, although the majority of the population, in general feel that UFOs are real. It is only through open-minded study and direct involvement in this field that the extent of its complexity be understood. The study of Exopolitics - (an interdisciplinary scientific field, with its roots in the political sciences, that focuses on research, education and public policy with regard to the actors, institutions and processes, associated with extraterrestrial life, as well as the wide range of implications this entails through public advocacy and newly emerging paradigms.) and Ufology is well recognized and investigation into the subject matter create even more questions. The field of UFOs is important from a scientific, sociological, psychological, and theological perspective. In the year 2003, I had my first UFO sighting in Hong Kong. We all have this Seeing is Believing mindset within this materialistic world; perceiving from our five senses. Once one has the first sighting experience, it is transformational, unreal, dream state. Nothing really fits in with your worldview any longer, as you begin to question reality itself. After my first experience I never expected that would only be the beginning of my journey into the unknown. It opened the doors that lead me into another reality, and once the door is opened, it never closes. There are many others around the globe having similar experiences as I do and for sure it leads them into many other different experiences. Across the years, I have learned that the entire UFO phenomenon is composed of many inputs not just one single thing, just as in science, at first things seem...
