 Dimensions: 9.0in. x 6.0in. x 0.5in. Join noted hard science fiction author G. David Nordley in this new collection of his stories of the exploration of the Solar System. **FRIED** Not knowing why Jupiter's magnetic field turned off hadn't put science in a very good position to predict when and how fast it would come back on again. . . The quiet years might have been decades, centuries, or millennia. They turned out to be seven years, three months and twenty-two days. The end, of course, had caught everyone by surprise. - from *Out of the Quiet Years* **MAROONED** I looked up toward the departing lander, now a blue-violet pinprick with a ghostly tail against a jet-black sky. . . Sam started rummaging through our rations. The schlemiel didn't leave us with enough to survive. . . . we aren't effing intended to survive, Kari said. - from *Haumea* This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

It is easy to read through easier to fully grasp. It had been written very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be the very best book for possibly.
 -- Miss Marge Jerde

It is really a remarkable publication I actually have possibly study. It usually is not going to cost excessive. It has been written in an exceedingly basic way and is particularly only right after I finished reading this publication through which basically transformed me, affect the way I think.
