ASIAN ECONOMIC SYSTEMS (HARDBACK)

World Scientific Publishing Co Pte Ltd, Singapore, 2013. Hardback. Condition: New. Language: English . Brand New Book. Asian Economic Systems provides readers with a crisp analytic framework, concepts and narrative highlighting contemporary Asia s systemic diversity. The framework facilitates insightful comparison with the western neoclassical ideal. This method allows students to easily appreciate the special virtues of various Asian economic systems, and compare them with those offered in the west. This objective is buttressed with background material on Asian economic history where appropriate, together with basic data on Asian and global economic performance to help students integrate concepts with experience.The approach provides an objective platform for discussing Asia s place and future in the new global order. It makes it clear that there is no universally best economic system. There are a variety of good systems and nations should choose the system that best suits their cultural heritage, values and aspirations.The approach informs discussions about the wisdom of forming regional free trade zones, economic communities (like ASEAN), and unions (analogous to the European Union), as well as forging a one-world system of economic governance.Also, Asian Economic Systems has a secondary goal. It provides the tools needed for training students in how to apply microeconomic, macroeconomic and financial principles to practical issues of systems and policies. The book focuses on East and Southeast Asia. The term Asia is used as a shorthand for the cultural region dominated historically by Confucian kinship networks, Japanese communalism and Theravada Buddhism, and more recently by Marxist-Leninist communism. It excludes the Middle East, Central Asia, the Himalayan states, South Asia, Malaysia, Indonesia, the Philippines, Russia and America s Asia Pacific possessions.The book identifies and elaborates four rival market systems in contemporary Asia each with its own distinctive performance characteristics, potentials and humanist properties: (1) communist (China,...
