Lucky for them, this book will be there to greet them! Written by design and prepress pro Jeff Gamet, this book focuses on the Mac OS X Tiger features that designers want and need to know to work efficiently and effectively with the operating system. Instead of pages and pages devoted to iChat, e-mail, and browsing the Net, readers will find chapters devoted to fonts, printing, creating and working with PDFs, managing color, networking, shifting between Classic and Mac OS X, Mac OS X's built-in design and productivity tools, system maintenance, security, and more.
