FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Demand and Price Situation: April 1937 Prices of a number of important materials used in the construction of durable goods and many industrial wage rates now are around 1929 levels. These increases in costs, together with temporary difficulties encountered in floating new security issues, may retard temporarily the expansion in important lines of durable goods other than building. However, the urgent need for new equipment for railways, utilities and many manufacturing plants is unlikely to permit long postponement of plans for additions.
