

Manual of Selected Osteopathic Techniques (Paperback)

By Lauren C Prest

Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Manual of Selected Osteopathic Techniques is a comprehensive, yet concise, text for learning osteopathic manipulation. This book contains not only manipulative techniques, but also study aids for the osteopathic student, intern or resident to help prepare for board exams. This text was created by students to give a helpful perspective to other students who wish to better grasp the foundations of osteopathic medicine. This text includes full-color photographs, study resources (i.e. sacral and pelvic diagnostic algorithms, autonomic innervations and Chapman's reflexes), detailed explanations of over 200 techniques, clinical considerations, step-by-step approach to palpation, screening and diagnosis and concise explanation of each osteopathic treatment modality.

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.
