Happiness has no meaning in life and only we can fill in the meaning for happiness when we begin to work and live a life. And how do we do that? How do we live a life in poetry with its many twists and turns. Can we succeed in life when so many have failed? Is there success and happiness to be found, and if so, where can we start? Life is a journey, not a destination but how will it end? This book is portrayed in poems and short articles. In this book, life is portrayed in poems and in short abstracts to bring forth the essence of life. A Topic Discussion at the end of each chapter allows readers to review their understanding and the knowledge of living life. It was not the intention or motive of this book to advocate on the best way to live life nor does it offer solutions in finding the illusive happiness and contentment that many seek. It is purely a poetic book written for readers to enjoy the challenges it posed at every chapter. It can be a book to pass the time or to provoke the thinking and creative mentality to the next level of human endeavor and undertakings. Be enlightened, be foolish and lastly be truthful when reading this book.
