Schiffer Publishing Ltd, United States, 2016. Hardback. Condition: New. 2nd Revised ed.. Language: English . Brand New Book. Kimono is a generic term for traditional Japanese clothing; it means thing to wear. This revised and expanded second edition provides an overview of various traditional garments, introduces types of designs found in twentieth century kimono that are still available, and presents wearable art and home decor inspired by kimono from contemporary artists. Because wearing kimono is diminishing and kimono are disappearing from Japanese wardrobes, they will become increasingly collectible. Each of the fourteen chapters opens with the definition of the type of apparel covered including everyday, formal, etc., as well as their use in Japanese life. The terms are further explained in the glossary. Over 525 color photographs display brilliant and subtle textile designs and demonstrate beauty in mens, womens, and childrens garments and accessories. Textile and clothing designers will find a wealth of inspiration here, as well as vintage clothing enthusiasts and those who wish to wear kimono traditionally.
