The Querist (Paperback)

By George Berkeley

Dodo Press, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.George Berkeley (1685-1753), also known as Bishop Berkeley, was an influential Irish philosopher whose primary philosophical achievement was the advancement of a theory he called immaterialism (later referred to as subjective idealism by others). This theory, summed up in his dictum, *Esse est percipi* (To be is to be perceived), contends that individuals can only directly know sensations and ideas of objects, not abstractions such as matter. His most widely-read works are: *A Treatise Concerning the Principles of Human Knowledge* (1710) and *Three Dialogues Between Hylas and Philonous* (1713) wherein characters Philonous and Hylas represent Berkeley himself and his contemporary Locke. In 1734 he published *The Analyst*, a critique of the foundations of calculus, which was influential in the development of mathematics.
