Texas A M University Press, United States, 2010. Hardback. Condition: New. New. Language: English . Brand New Book. In a lifetime filled with exhilarating successes, heartbreaking failures, and tragic personal loss, Robert A. Mosbacher Sr. proved himself adept at navigating in calm seas and high winds alike. Whether besting the stiffest of national and international competition in a diverse array of amateur sailing championships over the course of a half century, or helping to chart his candidate s course across the American political landscape on the way to the White House in 1989, Mosbacher was never one to turn his back on any goal to which he had dedicated himself. Now, in this informative, entertaining, and deftly written memoir composed with the assistance of writer and trusted friend James G. McGrath, Mosbacher chronicles, in his own words, a life well spent. His perspective informed by everything from his father s meager childhood and remarkable successes as a trader on the New York Curb Exchange to his own three years of service as Secretary of Commerce in George H. Along the way, Mosbacher offers insights from family, business, and public life, with stories that engage, charm, and instruct. A must-read for Texas, political, business, and energy historians as well as general readers everywhere, Going to Windward is an American success story that...
